WEEKLY SESSIONS

"I currently run sessions at the Mamelodi-West Disabled Centre. I have 12 girls and 20 boys participating every Wednesday and Thursday, they might have disabilities but they are very positive and well-mannered. I love working with them because we have a common understanding and respect for one another and we have built a very solid relationship together. They love and enjoy football more than anything."

“During the sport sessions we offer them a wide variety of sport to participate in, namely:

Streetsoccer

Cricket

Netball

Broom hockey

And other fun games

I can by far report that they are one of my favourite teams that I coach. During the Street Soccer tournament on the 27 June 2013 at stanza Bopape sport grounds in Mamelodi they took first place and they were overjoyed and ecstatic over their victory. “ – Marcia Diketane
